

Do you have a Carer Discount Card?

Why a Discount Card?

Very often caring has an impact on financial circumstances; such as higher utility bills, higher transport costs or increased cleaning costs.

Many working age carers give up work or reduce their working hours in order to provide care for a loved one.

To help alleviate some of the financial strain that caring can bring **Hambleton and Richmondshire Carers Centre** has introduced a **Carer Discount Card (CDC)** scheme across the two Districts.

- If you are 18 or older and support a relative or friend you could be eligible to apply for a Carer Discount Card.
- Businesses offering a discount to carers are listed in a directory, together with details of the discount on offer.
- The directory is sent to carers along with their ID card.

To apply contact

Hambleton and Richmondshire Carers Centre
